

The 3rd International Conference on Science of Cyber Security (SciSec 2021)

August 13-15, 2021 Shanghai, China

INTRODUCTION

The 3rd International Conference on Science of Cyber Security (SciSec 2021) will be held August 13-15, 2021 in Shanghai, China, organized by Fudan University. This new forum was initiated in 2018 and aims to catalyze the research collaborations between the relevant communities and disciplines that can work together to deepen our understanding of, and build a firm foundation for, the emerging Science of Cyber Security. Publications in this venue would distinguish themselves from others by taking or thinking from a holistic perspective about cyber security, rather than a building-block perspective. Each submission will be reviewed by at least 3 reviewers.

- ★ Accepted paper will be published in Springer's Lecture Notes in Computer Science (LNCS) series and indexed by EI.
- ★ SciSec is appended to the directory of international conference recommended by IIE (IIE_C).
- ★ A best student paper award and A best paper award.
